FEES FOR REGISTRATION

From time to time, NSSHA runs registration specials which are available to **MEMBERS ONLY** that lifts late fees or extra fees on late registrations.

Currently NSSHA has the following registration special, for the benefit of their members (you may become a member at any time).

The Registration "Special" which allows NSSHA members to register any horse that is spotted and gaited, regardless of age, parentage, or any pending late fees, for only **\$30.00**, once membership is paid, has been extended until further notice.

You **must be a member** to take advantage of the "Special" registration rate on older horses, or horses with unknown parentage, or horses who do not have sires nor dams registered with NSSHA.

**NSSHA reserves the right, at any time with proper notification, to withdraw the registration special, at which time all pending late or extra fees will again go into effect.

Foals must be registered in their calendar year of foaling. If you fail to register in their year of foaling, the fees will have to be paid at a later date, as member or non-member rate, as applicable at time of submission.

Horses are not required to have either/or the sire or dam NSSHA registered. The horse must be spotted and gaited, if applying for the spotted division, and must be gaited if applying for Breeding Stock division. The I-D division is for solid offspring from one NSSHA sire and/or dam.

Applications for registration must be made on an official application for registration form furnished by NSSHA. Applications must be neat, complete and in ink or typewritten.

Application must bear the signature of the recorded owner(s) of stallion and mare at time of service as well as the owner(s) of mare at time of foaling.

Name of horse must not exceed 25 letters. An apostrophe counts as a letter.

Transfers must be attached to such applications for registration, date of purchase completed, and fee remitted for both registration and transfer.

All applications for registration become an important and permanent part of the records of NSSHA. You are responsible for, and should give extreme care in giving accurate dates and information.

FALSE PEDIGREE

Any person or persons who shall willfully register or record a false pedigree shall be forever barred from making further registrations, and the registration of such false pedigree shall be cancelled.

ALTERATION OF CERTIFICATES

Alterations on NSSHA Certificates of Registration after being issued can be made in the following instances:

Correction of color or markings, or both.

Change of status of stallion to gelding.

Return original certification along with requested changes, with authorized statement to verify such.

Office errors will be corrected without charge, other alterations carry the fee of \$30.00.

DUPLICATE CERTIFICATES

Duplicate Certificates of Registration will be issued if the original has been lost or destroyed, provided an affidavit for duplicate has been signed by the last recorded owner and sent to association along with \$30 duplication fee. The new certificate will be stamped duplicate, and the original certificate automatically becomes void.

CHANGE OF NAME

The name of any registered National Spotted Saddle Horse may be changed, providing it has not sired or produced a registered foal. The original certificate of registration must be submitted, as well as a new choice of name, and a \$30.00 fee for changing records. A new certificate bearing the new name, with new registration number will be issued.

SPOTTED REGISTRY

In order for a horse to qualify for registration with the National Spotted Saddle Horse Association, Inc. it must be spotted, color above the hock other than facial markings, it must be able to exhibit a gait other than a trot. The “Spotting” **must** consist of **white** and any other recognized horse color.

A stepping pace, a rack, or any type saddle gait other than a trot will be acceptable.

The horse must possess one spot above a level line, midway between the center of the knee and the floor of the chest and midway between the point of the hock and the center point of the stifle. A horse must exhibit a spot **TWO** inches or more in diameter with underlying contrast skin in the area described above or in the tail. Facial markings and/or high stockings alone do not qualify as a spot.

Unnatural markings: Any horse which is found to have unnatural markings will be rejected from registration, and the owner may be barred from the Association. The Association shall have the option of sending a NSSHA representative to collect hair samples and/or biopsies (by a licensed veterinarian) as a precedent right to registration or for a horse to remain registered.

IDENTIFICATION ONLY REGISTRY

All owners with solid-color foals out of a NSSHA registered sire or dam (one parent must be NSSHA registered): We are accepting applications for registration on these solid color foals for IDENTIFICATION ONLY. (This will provide you with the background for the possible spotted off-spring that these horses may produce). To be eligible each solid color horse must:

1. Have NSSHA registered sire or dam (sire or dam owner must sign application for verification of breeding).

2. Must have been born 1979 or later. No horses foaled before 1979, the beginning of NSSHA, will be accepted.

These horses are NOT eligible for show. Pictures must be included along with your application. These horses are eligible to go through NSSHA sales.

Good gaited, “Country Type” mares and stallions with **no pedigree** can be registered, with proof of gait, by submitting a standard VHS video of the horse gaiting, as well as the fee, and one photo.

Acceptable Outcrosses for Spotted Saddle Horses include the following

It is **Not Acceptable** to breed Spotted Saddle Horses to **Non-Gaited** horses such as Quarter Horses, etc., horses that do not have a smooth gait.

If either the sire or dam, or both, are not registered with NSSHA, please submit a **Copy of the horse’s registration papers.** A new rule makes it necessary for a copy of the original papers (of sire’s or dam’s not reg. with NSSHA) to be included for pedigree use on the horse you are submitting an application for.
